## Introduction

### Integrity – Innovation – Discipline

These are the core values of the Rainbow Six Circuit defined in Section 2 of this rulebook (“**Rainbow Six Circuit**”). Through these values, UBISOFT’s wish is to operate Tom Clancy’s Rainbow Six: Siege at the forefront of the esports industry, providing an environment for players and organizations alike to thrive. Through high standards only can we build an inclusive and fair ecosystem where discipline, hard-work and results are rewarded.

It is the responsibility of each individual or organization participating in the Rainbow Six Circuit to uphold these values, whether they are from UBISOFT, a competing organization, a production entity or independent on-screen talents.

This rulebook applies within the context of UBISOFT’s Rainbow Six Circuit and to any of its affiliated tournaments listed in the present rulebook. This rulebook aims at providing and codifying a structured and consistent set of global rules and standards enforceable across all levels of competition for everyone and every organisation partaking in the Rainbow Six Circuit, and in particular the Teams (the term “**Team**” refers to the legal entity which is granted a license to compete in the Rainbow Six Circuit). Participation in any competitions part of the Rainbow 6 Circuit is conditioned to the acceptance of the following rules and standards (collectively the “**Rules**”):

- The rules and penalties contained in the present Rulebook, as updated, amended or supplemented from time to time (the “**Rulebook**”); and
- The Specific Rules issued by each Tournament Organizer for each competition part of the Rainbow 6 Circuit, which will be provided or made available in advance by the applicable Tournament Organizer (the “**Specific Rules**”); and
- The esports Code of Conduct outlining the expected behavior of any and all person involved in the Rainbow 6 Circuit (the “**Esports Code of Conduct**”); and
- The [Rainbow Six: Siege Code of Conduct](#) setting forth the acceptable behavior of each and any player playing the game Tom Clancy’s Rainbow Six: Siege (the “**Rainbow Six: Siege Code of Conduct**”)
- The Penalty Index referencing and providing a range of sanctions for any violation of the Rules, the Specific Rules, the Esports Code of Conduct or the Rainbow Six: Siege Code of Conduct (the “**Penalty Index**”). Any sanction issued through the Penalty Index will be without prejudice to any other sanction which UBISOFT may decide to issue in case of a breach of the Game Code of Conduct or [Ubisoft Terms of Use](#) (“**Ubisoft Terms of Use**”).

Any capitalized term in this Rulebook which is not listed above shall have the meaning ascribed to these terms in the Rulebook.

## **1. Acceptance and modification of the Rules**

### **1.1. Acknowledgement and Acceptance of the Rules**

#### **1.1.1 Teams and Players**

Each License Holder (the Term “License Holder” is defined in Section 4.1 and the term “License” in Section 3.1), Player (as defined in Section 4.1) and Team’s Staff (as defined in Section 4.2) must read, acknowledge and accept these Rules, and agree to abide by them at all times in order to remain eligible to participate in the Rainbow Six Circuit. By accepting these Rules, each of them consents to the Penalty Index and to UBISOFT’s and/or the Tournament Organizer’s authority to issue sanction or sanctions in accordance with the Penalty Index, without prejudice to any other sanction issued under the Rainbow Six: Siege Code of Conduct and UBISOFT’s Terms of Use. The Rules may be accepted either through the registration process of a Rainbow Six Circuit competition or deemed accepted when a Player or its Team enter and participate into any match of the Rainbow Six Circuit. Players and their Team may not participate if they do not agree to be bound to these Rules or otherwise do not meet the eligibility requirements set forth in the Rules.

#### **1.1.2. Tournament Organizers**

Any and each Tournament Organizer contracted by Ubisoft for the operation of a competition part of the Rainbow Six Circuit is responsible for abiding to these Rules and may issue Specific Rules when permitted under this Rulebook.

The term “**Tournament Organizer**” refers to the entity that organizes and produces the broadcast of a competition part of the Rainbow Six Circuit via:

- Its “**Administrative Staff**”, which refers to the Tournament Organizer’s staff in charge of enforcing the Rules applicable to the Rainbow Six Circuit, as well as the Specific Rules of the competition taking place. Administrative staff also serves as a point of contact for Teams regarding any question related to the Rainbow Six Circuit or the competition, and to report any breach to the Rules.
- Its “**Production and Broadcasting Staff** » which refers to the staff employed or contracted by UBISOFT to operate, broadcast or livestream the Rainbow Six Circuit or any associated content.

For some competitions of the Rainbow Six Circuit, the Tournament Organizer is UBISOFT.

### **1.2. Modification of the Rules.**

#### **1.2.1. Modification of the Rules.**

In order to ensure that the Rainbow Six Circuit is operated in accordance with the values conveyed by the [Principles of Esports Engagement](#) set forth by the Entertainment Software Association which Ubisoft is a part of, or for the protection of any interest that UBISOFT considers material in order to preserve the values, legitimacy and integrity of the Rainbow Six Circuit, or in order to comply with any law applicable, UBISOFT may amend or supplement these Rules with or without prior notice. The Tournament Organizer may modify the Specific Rules in accordance with the same principles, subject to UBISOFT’s prior review and approval of such modifications in each instance.

#### **1.2.2. Notification.**

Any modification of the Rules will be communicated or made available to the Teams either through the update of a revised version of the Rules, through a public blog post linking to a revised version of the Rules, or by sending an email directly to the Point of Contact designed by each Team.

By default, the License Holder is the official Point of Contact of a team, ie the only person able to execute official communications for the Team regarding the prerogatives attached to the License (the “**Point of Contact**”). The License Holder may appoint another staff member of the Team as Point of Contact. The Point of Contact of a Team is the only person,

Any change in the Specific Rules will be notified by the Tournament Organizer to the Teams in the manner described in said Specific Rules.

**2.2 Duration**

The Rainbow Six circuit will unfold throughout a whole year called a “season” (the “**Season**”). Each Season begins early March and ends mid-February of the following year after the end of the Six Invitational, except for Season 2020 where the Season will begin in June 2020.

A Season is composed of two to three stages (individually a “**Stage**” and collectively “**Stages**”), each of them culminating in a Major.

	Season 2020	Season 2021 and onwards
Stage 1	from June to August	From March to May
Stage 2	from September to November	From June to August
Stage 3	N/A	From September to November

**2.3 Levels of Competition**

The Rainbow Six Circuit includes a variety of Rainbow Six competitions, organized by UBISOFT and/or Tournament Organizers contracted by UBISOFT, and which will take place either at the global, regional or local level, as further described below.

**2.3.1 Global Competitions**

**The Six Invitational.** The Six Invitational takes place once a year and closes the annual Season of the Rainbow Six Circuit, crowning the world champion for that Season. Qualification to the Six Invitational is determined either:

- Through the Point System which is a global ranking assessing all Regional League Teams’ performance during a Season of Rainbow Six Circuit. Sixteen Teams will qualify through the Point System;
- Or through one of the four final qualifying tournaments held in each Region each Season after the end of the last Stage. Four Teams will qualify through these final qualifiers.

**Majors.** The Majors are global tournaments (usually offline) occurring two to three times a year and establishing regular champions in the Rainbow Six Circuit. Qualification for each Major is determined through the Teams’ standing in its respective Regional League at the end of each Stage. Each Region will qualify four Teams to each Major, for a total of sixteen Teams competing globally.

### 2.3.2 Regional competitions

**Regional Leagues.** The Regional Leagues are league-based competitions taking place in each region part of the Rainbow Six Circuit across a regular Season of six to nine months (the “**Regional League**”). Each Regional League operates independently from one another and may have its own format of competition (see **section 2.5**).

At the end of each Stage, the standings of each Team in their respective Regional League determines which Teams will qualify, or compete to qualify, for the four regional slots available for the upcoming Major.

### 2.3.3 Local competitions

**Local Competitions.** Local Competitions are online and/or offline competitions taking place in each Region, offering a progression mechanism into the Regional level of competition.

Local Competitions’ links or progression mechanisms into Regional Leagues may vary from one Region to another, and were established based upon each individual Region’s ecosystem, as further described in section 2.5 below.

## 2.4. Global Point System

The Rainbow Six Circuit Global Point System (“**Global Point System**”) provides a global ranking of all Teams competing in the Regional Leagues in order to determine the sixteen Teams that will qualify to the Six Invitational at the end of each Season.

### 2.4.1 Point Distribution

On the final Playday of each Stage (the term “**Playday**” referring to the days where a competition of any kind has official matches being played), UBISOFT will distribute 1560 points in each **Regional League** to its best eight Teams. The eight best Teams of each Region are determined differently from one Region to another, as further described in the **Regional & Local league formats** in **section 2.5**. The four best Teams from each Region will be qualified to the upcoming **Major** where they will be eligible for additional points in the Global Point System.

The following table lists the amount of points awarded to Teams based of their performances at the end of each Stage, in Regional Leagues, and at each Major:

Ranking	1st	2nd	3rd	4th	5th	6th	7th	8th	9th-12th	13th-16th
<b>Regional League</b>	225 + qualif. to Major	225 + qualif. to Major	225 + qualif. to Major	225 + qualif. to Major	225	180	140	115	-	-
<b>Major</b>	375	300	230	230	165	165	165	165	105	50

### 2.4.2 Qualification to the Six Invitational

At the end of the last Stage of each Season, the Point System will freeze and the sixteen Teams with

the most points will automatically be qualified for the Six Invitational regardless of their Region of origin.

### **2.4.3 Tiebreaker rules**

The following tiebreaker rules shall apply to resolve ties in the event that multiple teams have the same number of points in the Global Point System at the conclusion of the last Stage of a Season, in order to determine the Teams qualifying for the Six Invitational.

#### **2.4.3.1 Application of the Tiebreaker rules**

These tiebreaker rules act sequentially. If there is a set of tied Teams, and a rule is able to break at least part of the tie, this rule is applied and we move-on to the next rule to break the remaining tied teams. (ie: if there are three teams tied and the first rule is able to break the set of three tied Teams into one singleton and a pair of two Teams who remain tied then the tie is broken for the singleton Team and the other two Teams proceed to the next tiebreaker rule in order to break their tie if needed, and so on).

#### **2.4.3.2 Head-to-head record**

If two or more Teams have the same number of points in the Point System, the first tiebreaker is head-to-head records. To calculate the head-to-head tiebreaker, the Teams who are tied are listed, then total number of wins, ties, and losses that each Team has against the other Teams involved in the tie is calculated. The Team who has the best win-rate amongst the set of tied Teams qualifies.

#### **2.4.3.3 Total Major Points**

If head-to-head was not able to resolve all ties, then the total Major points (the sum of the points obtained by a team at the current season's Majors) will be calculated for each Team. The Team with the highest total Major points wins the tie.

#### **2.4.3.4 Percentage of matches won in Regional League**

If none of the previous rules were able to resolve the ties, the percentage of matches a team has won in Regional League will be considered. The Team with the highest percentage will win the tie.

#### **2.4.3.5 Percentage of maps won in Regional League**

If none of the previous rules were able to resolve the ties, the percentage of maps a Team has won in Regional League will be considered. The Team with the highest percentage will win the tie.

#### **2.4.3.6 Percentage of rounds won in Regional League**

If none of the previous rules were able to resolve the ties, the percentage of rounds a Team has won in Regional League will be considered. The Team with the highest percentage will win the tie.

#### **2.4.3.7 Tiebreaker match**

If none of the previous rules were able to resolve the ties, an additional tiebreaker match will be scheduled between the tied Teams at a moment decided by the Tournament Organizer. The Team that wins the tiebreaker match will qualify.

## **2.5 Regional & Local league formats**

## 2.5.1 EU Region (visual representation in Appendix 1)

### 2.5.1.1 EU Regional competition: European League and European Challengers

**European League.** At the top of the Regional competition level in the EU Region is the European League with ten Teams competing each Season.

After the last European League match of each Stage, the top four Teams in the current standings of the European League are automatically qualified to the Major happening at the end of the ongoing Stage.

In December of every season, the top four Teams across all stages of the European League will compete in the European League Finals for the title of European Champion for that Season.

**European Challengers.** At a second Regional competition level in Europe are the European Challengers with twelve Teams competing each Season.

**Promotion/relegation.** In December of every Season, at the European League Finals, the top two Teams of the European Challengers will play against each other:

- The winning Team will automatically qualify to the European League, taking the spot of the tenth placed Team of the European League, the latter being automatically relegated to the European Challengers.
- The losing team will play the ninth placed Team of the European League in a promotion/relegation match. The winning team of this match will qualify to the European League while the losing team will be relegated to the European Challengers.

### 2.5.1.2 EU Local competition: national esports programs

At the **Local competition** level of competition in the EU Region are the nine following national esports programs:

Competition	Number of Teams per Season
UK Ireland Nationals	8
6 French League	8
PG Nationals (Italy)	8
Spain Nationals	10
GSA League	8
R6S Nordic Championship	8
Polish League	8
Russian Major League	8
Benelux League	8

By September for every Season, each of these esports programs will determine a champion.

**Promotion/relegation.** The nine champions of those programs will earn a spot in the European Challengers for the upcoming season, while the Teams who placed third to twelfth in the European Challengers the previous season, will drop out of it. The remaining slot in European Challengers will be

filled by a team qualified through the European Challengers Open Qualifier.

EU Region Teams may simultaneously compete in the European League AND in one of the EU Local competitions, with specific limitations to their progression from a Local competition to the European League as explained in section 3.1.2.

### **2.5.1.3 Specific Rules for the EU Region**

The competition formats and Specific Rules for the European League, the European Challengers and each EU Local competition are detailed in their Specific Rules, as listed **here**.

## **2.5.2 APAC Region (visual representation in Appendix 2)**

### **2.5.2.1 APAC Regional competition: APAC North Division and APAC South Division**

At the top of the Regional competition level in the APAC Region is the **APAC Regional League**, split between the APAC North Division and the APAC South Division:

- The **APAC North Division** features twelve teams competing each Season in league play.
- The **APAC South Division Playoffs** feature the four best teams from the APAC South **Local competition**.

After the last APAC Regional League match of each Stage:

- the six top ranked Teams from the APAC North Division will earn a spot in the **APAC League Playoffs**, where they will meet top two teams from the APAC South Division which will qualify through the **APAC South Division Playoffs**.
- The top four teams of the **APAC League Playoffs** will qualify to the **Major** happening at the end of the Stage.

### **2.5.2.2 APAC Local competition**

#### **2.5.2.2.1 Sub-divisions for APAC North**

At a Local competition level in the APAC North Division are the following **sub-divisions**:

- Japan Nationals – a first division and a second division that is open participation. Second division teams may be promoted to the first division based on their performance during the year and a determining relegation/promotion match at the end of the season (and vice versa).
- South Korea Nationals – Open participation
- Southeast Asia Playoffs, that sources the first placed Teams of the Chinese-Taipei Nationals (eight teams), the Thailand nationals (twelve teams) and the Southeast Asia Nationals (twelve Teams)

**Promotion/relegation.** In December of each Season, the four lowest ranked team in the APAC North Division will participate in a promotion/relegation tournament. The format of this tournament may vary depending on the number of Teams from each sub-division, if any, in the bottom four of the APAC North Division. The following rules determine whether the first placed Teams from the Japan Nationals,

South Korea Nationals and Southeast Asia playoffs compete against teams from the APAC North Division in a promotion/relegation tournament or are automatically qualified to the APAC North Division:

- If there is no Team originating from the same Sub-division amongst the bottom four Teams in the APAC North Division, the first placed team of said sub-division (National program) is automatically promoted to the APAC North Division
- If there is one or multiple teams originating from the same Sub-division amongst the bottom four Teams in the APAC North Division, the first placed team of said sub-division will compete with them in a promotion/relegation tournament.

Additionally, the sub-division of the APAC North Division with the lesser number of Teams in the top eight Teams of the APAC North Division will have its second highest ranked Team participate in the relegation/promotion tournament. If two sub-divisions are tied for the lesser number of Teams in the top eight of the APAC North Division, the sub-division which has the lesser number of Teams in the APAC North Division will have its second highest ranked team play that relegation/promotion tournament.

Finally, should the bottom four Teams of the APAC North Division all originate from the same sub-division, the following scenario would apply:

- 1<sup>st</sup> placed Team from the two other sub-divisions are automatically promoted to APAC North Division
- Top two Teams from the corresponding sub-division meet the bottom four Teams from the APAC North Division in a six Team promotion/relegation tournament. Top two of this tournament are promoted to APAC North Division, bottom four are relegated to the corresponding sub-division.

#### **2.5.2.2.2 Sub-divisions for APAC South**

At a Local competition level in APAC South are the following programs:

- Oceanic Nationals – eight teams
- South Asian Nationals – Open competition
- Oceanic Challenger Series – Open competition

The top three teams from the Oceanic Nationals, as well as the first placed Team of the South Asian Nationals will compete in the APAC South Division Playoffs for a chance to participate in the APAC League Playoffs at the end of each Stage.

In December of each Season, the lowest ranked Team(s) in the Oceanic Nationals will play promotion/relegation match(es) with Teams qualified through the Oceanic Challenger Series.

#### **2.5.2.3 Specific Rules for the APAC Region**

The competition formats of the APAC Regional League, the APAC North Division, the APAC South Division and each APAC Local competition are detailed in their Specific Rules, as listed **here**.

### 2.5.3 NA Region (visual representation in Appendix 3)

**North American League.** At the top of the Regional competition level in the NA Region is the **North American League**. The North American League is split in 2 Divisions:

- US Division - eight teams
- Canada Division - four teams

After the last North American League match of each Stage, the top three Teams from the US Division are automatically qualified to the Major. The fourth, fifth and sixth placed Teams of the US Division and the first placed Team of the Canada Division will compete in the North American Qualifier to determine the last of the 4 NA teams qualified for the next Major, at the end of the ongoing Stage.

In December of every Season, the top four teams from the US Division and the top two Teams from the Canada Division will respectively compete in a Finals in their division. The US Division and Canada division champions will then meet in a **North American Grand Final** for the title of North American Champion for the Season.

**US Challenger League and Canada Challenger League.** At a second Regional competition level are the US Challenger League and the Canada Challenger League:

- US Challenger League - eight teams
- Canada Challenger League - eight teams

#### **Promotion/relegation.**

Prior to the beginning of each Stage, a qualifier will be held for both the US Challenger League and the Canada Challenger Leagues. The first and second placed Teams from each qualifier will compete against the respective seventh and eighth placed teams in the respective Challenger League. The winning Team of those matches will earn a spot in their Challenger League for the upcoming Stage, while the losing teams will be eliminated from Challenger League. The first through sixth placed Teams will remain in their respective Challenger Leagues.

In December of each Season, the first placed team of the US and Canada Challenger Leagues will respectively play the last placed teams of the US and Canada Divisions of the North American League in a promotion/relegation match. The winning teams of those matches will earn a spot in their respective Divisions in the North American League for the upcoming Season, while the losing Teams will be relegated respectively to the US and Canada Challenger Leagues.

The competition format of the North American League, the US Challenger League and the Canada Challenger League are detailed in their Specific Rules, as listed **here**.

### 2.5.4 LATAM Region (Visual representation in Appendix 4)

#### 2.5.4.1. LATAM Regional competition: Latin American League

**Latin American League.** At the top of the Regional competition level in LATAM is the **Latin American League**. The Latin American League is split in three divisions:

- Brazil Division - ten teams

- Mexico Division - seven teams
- LATAM South Division - eight teams

After the last match of each Stage, the top five Teams in the Brazil Division, the top two Teams in the Mexico Division and the top one team in the LATAM South Division are invited to compete in the LATAM Cup. The top four Teams of the LATAM Cup will qualify to the next Major happening at the end of the ongoing Stage.

After the last Major of every Season, the top four Teams from the Brazil Division will qualify to the **Brazil Division Finals** to determine the Brazil champion for the Season.

After the last Major of every Season, the top four Teams from the Mexico Division will qualify to the **Mexico Division Finals** to determine the Mexico champion for the Season.

After the last Major of every season, the top 4 teams from the LATAM South Division will qualify to the **LATAM South Finals** to determine the LATAM South champion for the Season.

#### **2.5.4.2 LATAM Local competition: LATAM Challenger League**

At the Local competition level in the LATAM Region is the LATAM Challenger League. Split similarly to the three divisions of the Latin American League. Teams from Brazil, Mexico and LATAM South will respectively compete in the Brazil, Mexico and LATAM South Divisions of the LATAM Challenger League.

- Brazil Division - ten teams
- Mexico Division – ten teams
- LATAM South Division – ten teams

**Promotion/relegation.** In November, after the last Major of the Season, the first placed Team from the Brazil and LATAM South Divisions of the LATAM Challenger League will respectively play a promotion/relegation match against the last placed teams of their Latin American League's corresponding divisions. For the Mexico Division of the LATAM Challenger League, the first placed team will automatically be promoted to the Mexico Division of the Latin American League while the second placed team will play a promotion/relegation match with the last placed team of the Latin American League's Mexico Division. The winning team of this match will earn a spot in the Latin American League while the loser will be relegated to the Latin American Challenger League.

Prior to the beginning of each Season, an open qualifier will be held for each of the three divisions of the LATAM Challenger League. The first and second placed Teams from each open qualifier will earn a spot in their respective Challenger League division. The remaining spots will be determined by invitation and the fulfilment of the Conditions of Participation defined in **Section 3**

**License Holder.** A material condition for a team to be granted a license is the appointment by the Team of a License Holder. This License Holder automatically becomes the Team's official Point of Contact with the UBISOFT designated Regional esports manager as well as for Tournament Organizer’s administrative staff. The License Holder is the only person authorized to act as a representative of the Team, and exercise the prerogatives attached to the License.

The License holder may appoint someone else from its organization as official Point of Contact for the Team (usually the Team's Manager). The Point of Contact can thereon execute all official communications on behalf of the License Holder (notifications and approval most notably, as specified in Section 8.7 and 8.8) but still requires the License Holder’s final validation to execute operations. Ubisoft reserves the right to request a change of Point of Contact should a team’s Point of Contact not be timely responsive.

Any change of License Holder must be requested in writing (email being sufficient) by the License Holder to UBISOFT’s Regional esports manager and shall be formally approved by UBISOFT by email prior to its effectiveness.

#### **3.1.1 License Requirements**

**Legal Entity.** All Teams competing in the Rainbow Six Circuit must be represented by a legal entity (association, company ...) in order to be provided with a license. As an exception to this rule, teams only competing in **Local competitions** may be represented by a Team Member of said Team provided that all Players agree to appoint this Team Member as their legal representative by executing the acknowledgement letter available in the Appendix.

Proof of such valid legal entity or, when applicable, the aforementioned duly executed acknowledgement letter, needs to be provided to the Team's respective regional Tournament Organizer's administrative staff and to Ubisoft's Regional esports manager prior to any participation into the Rainbow Six Circuit.

Prior to any participation into the Rainbow Six Circuit and at the time of its registration and/or upon UBISOFT's Regional esports manager and/or its respective Tournament Organizer administrative staff request, each Team must provide an "absence of Conflict of Interest" statement certifying that the Team is not facing a Conflict of Interest. A "Conflict of Interest" may include, but is not limited to:

(i) Joint Control of multiple teams, or any form of interests in multiples teams in the Rainbow Six Circuit. For purpose of this definition in this present Section 3.1.1 (i), "Control" means:

- The possession, directly or indirectly, of the power to vote five percent (5%) or more of all interests having voting power for the election of Team Owners or any Team Representative
- The ownership of a general partnership interest or a limited partnership interest (or other ownership interest) representing ten percent (10%) or more of the outstanding limited partnership interests or other ownership interests of such Team.

(ii) A situation where a Player or a Team Staff (such term being defined in section 4.1 and 4.2) is an employee, officer, director, agent, contractor or subcontractor performing services or work in connection with the Rainbow Six Circuit, or representatives of UBISOFT or of the Tournament Organizer and/or of any person or other entity which own or Control, is under the ownership or is under common ownership or Control of Ubisoft or the Tournament Organizer. "Control" under this present Section 3.1.1 (ii) shall mean the power, through any means, to determine the policies or management of an entity, whether through the power to elect, appoint or approve, directly or indirectly, the directors, officers, managers or trustees of such entity or otherwise.

(iii) A situation of collusion where a Player or Team Member is in a position in which said Player or Team Member could interfere and/or benefit financially or otherwise, directly or indirectly, from a decision to alter the outcome of a match and/or behavior of the Team within a competition of the Rainbow Six Circuit in a manner contrary with the integrity and competitive spirit of the Rainbow Six Circuit. A situation of collusion includes, but is not limited to, undisclosed agreement between two or more parties to deceive and/or mislead Tournament Organizer's officials and/or Ubisoft Regional Esport manager or tampering the outcome of a or multiple matches in a competition of the Rainbow Six Circuit.

(iv) Any cluster of clues indicative of a Conflict of Interest identified by UBISOFT

In the event of a failure to provide the aforementioned absence of Conflict of Interest statement, or in case of any misrepresentation or deceit on the facts alleged on this absence of Conflict of Interest statement, UBISOFT may decide to revoke the license granted to the Team, in the condition set forth in **Section 3.1.4** below

### **3.1.2 License Restrictions**

A license is only valid for a season of competitive play in the Rainbow Six Circuit.

A Team can only be granted one license at a time to compete in the Rainbow Six Circuit and in no event can a Team compete in multiple Regions. Notwithstanding the foregoing, a Team may have a roster in a Regional competition and in a Local competition of the same Region if permitted under the

Specific Rules of said Regional and Local competitions. In such event, the Specific Rules will bar that Team from any progression from the Local competition to the Regional competition or any related promotion/relegation match or event, and, the next eligible Team to this promotion will replace it. This exception does not prevent the Team barred from promotion to claim the prize money awarded for its placement despite its ineligibility to progress

Example: Team A competes in a French national program (Local Competition), while also competing in European League (Regional competition). Should team A finish first of the French national program, such team can only claim the prize money attached to that placement and will not be promoted to the European League where they already have a slot.

For sake of clarity, the team remains eligible to any prize money earned both at the regional and local level and can utilize its substitute players as it sees fit and needs in both regional and local competitions, in accordance with each competition's Specific Rules

### **3.1.3 License transfer or exchange**

**License transfer.** A License Holder validly holding a license for its Team can initiate a license transfer with another Team that does not yet hold a license, provided the acquiring Team complies with the Rules and in particular fulfils the conditions for participation set forth in **Section 3**.

Prior to any transfer, the License Holder shall notify UBISOFT's Regional Esports manager of its intention to transfer its Team license and all proof of the acquiring team's eligibility (including the absence of conflict of interest statement and/or the acknowledgment letter if applicable) must be communicated to the Tournament Organizer officials and/or UBISOFT. A license transfer will neither be valid nor enforceable unless formally approved by UBISOFT according to the Approval process set forth in section 8.7.

**License exchange.** Two License Holders validly holding a license for Teams in different regions can initiate a license exchange in order to exchange their License to participate in Rainbow Six Circuit competitions in their respective regions as well as their standings in the Global Point System. The License Holders of each Team shall notify their respective UBISOFT Regional Esports managers of their intention. A license exchange will neither be valid nor enforceable unless formally approved by UBISOFT according to the Approval process set forth in section 8.7.

As a condition for the license transfer or exchange to be valid, the acquiring License Holder must maintain the roster of players of the Team of the former License Holder. Once the transfer is effective and approved by UBISOFT. Changes to the roster can be made during the next player transfer window set forth in section 4.4.3.

For sake of clarity, a license transfer or license exchange does not allow any roster change other than those permitted under **Section 4.4.4** below.

**Effect of a license transfer or exchange.** When a license is transferred or exchanged, the acquiring team obtains the acquired Team current amount of points in the Point System, and the acquired Team's ranking in the Regional League.

*Example:* If Team A in EU exchange license with Team B in NA, Team A will retrieve the points that Team B was holding at the moment of the transfer both in the Global Point System and in the NA League's ranking.

If a license transfer or exchange occurs while a prize pool payment is due to the acquired License

Holder, then the right to such payment will be automatically transferred to the acquiring License Holder.

#### **3.1.4 License Revocation**

UBISOFT reserves the right to revoke a license granted in case of major or repeated breaches of the Rules by any of the Team's Players or Team's Members.

### **3.2 Player Eligibility**

#### **3.2.1. Compliance with the Rules**

Players will be eligible and remain eligible to compete in the Rainbow Six Circuit with their Team as long as they agree to be bound to and abide by the Rules, and in particular comply with the eligibility requirements set forth in this Section 3.2.

#### **3.2.2. Compliance with local labor and immigration laws**

Participation in any competition of the Rainbow Six Circuit is conditioned to the obtention, by each Player of any necessary official documentation (visas, work permits, governmental authorizations...) required to comply with applicable local laws where the competition of Rainbow Six Circuit is held.

UBISOFT and/or the Tournament Organizer cannot be held responsible for the failure of a Player and/or its Team's failure to secure any required documentation needed to participate in a competition of the Rainbow Six Circuit in compliance with the applicable law. Teams are responsible for providing to the Tournament Organizer operating a competition of the Rainbow Six Circuit with supporting document substantiating the compliance of their Players' with Section 3.2.2, 3.2.3 and 3.2.4 at the beginning of each Season and no later than seven days prior to the Team's first official match of a Season in the Rainbow Six Circuit or during the Season whenever a new Player is acquired.

#### **3.2.3. Age**

Each Player must be 18 years old or older, as stated on their official government issued documentations, at the time of their first match in the Rainbow Six Circuit in order to be eligible to participate.

#### **3.2.4. Residence**

Any Player competing in the Rainbow Six Circuit must reside in the Region such Player competes in (NA, EU, LATAM or APAC). Additionally, Tournament Organizers may add extra residency requirements in their Specific Rules for the Teams participating in their Regional or Local competitions.

#### **3.2.5. Uplay account in good standing**

In order to be eligible to participate in the Rainbow Six Circuit, a Player must own a validly created Uplay account remaining in good standing throughout the entire duration of the Rainbow Six Circuit. The notion of "Good standing" is construed in application of the [Rainbow Six: Siege code of conduct](#) and [Ubisoft Terms of Use](#) and such standing may be verified by UBISOFT from time to time.

Any sanction emitted by Ubisoft on the Uplay account of a Player may translate into a sanction in the Rainbow Six Circuit. Additionally, should any Player or Coach own or use another account that is not in good standing, any sanction to such account may translate into a sanction in the Rainbow Six Circuit as well.

### 3.2.6 No competition suspension

A Player may not participate to any competition of the Rainbow Six Circuit if such Player is subject to a competitive suspension issued by UBISOFT or the Tournament Organizer of said competition, preventing such player from participating in a competition of the Rainbow Six Circuit.

## 4. Team Composition & Transfers

### 4.1 Minimum Team composition

Each Team shall have the following Team composition at all time during the Season in order to remain eligible to participate in the Rainbow Six Circuit (roles can be cumulated unless specified otherwise):

- One **License Holder**. The License Holder is the person appointed by the Team to exercise the prerogatives attached to the License mentioned in section 3.1 (the “**License Holder**”). Only one person can be a Team’s License Holder. For any team competing in a Regional competition and higher, the License Holder cannot be a Player. The License Holder of a Team is the only individual authorized to execute the prerogatives attached to the license, as set forth in section 3.1. By default, the License Holder is the **Point of Contact** of its Team.
- Five **Players** constituting the active roster of players of the Team. Only the individuals communicated by the Team and duly registered by the Tournament Organizer as Players of the Team are allowed to play in official matches of the Rainbow Six Circuit. The term “Players” refers to all players (main or substitute) of a Team (the “**Players**”)

### 4.2. Additional Team Members

A Team may have the following additional Team Members:

- Up to three **substitute Players** which may be subbed-in in accordance with the Specific Rules of the competition(s) the Team partakes in. A substitute Player may not be a **Coach**, a **Team Manager** or a **Team Staff** :
  - The term “**Coach**” shall refer to the person responsible, in the Team, for assisting Players in their in-game preparation for competition, as well as supporting them during their participation in official matches of the Rainbow Six Circuit (the “**Coach**”)
  - The term “Team Manager” shall refer to the person responsible, in the Team, for assisting Players in the administration and logistics of their participation in the Rainbow Six Circuit (the “**Team Manager**”). He is usually the most appropriate person to be appointed as team Point of Contact instead of the License Holder himself.
  - The term “**Team Support Staff**” shall mean any person employed or contracted by the Team whose role is to directly or indirectly assist the Players through their participation in the Rainbow Six Circuit. Team Support Staff may for example be an analyst, psychologist, physical trainer, social media manager, content creator, nutritionist, etc (the “**Team Support Staff**”)
  - The term “Team Staff” shall refer collectively to the Team’s Coach(es), Team’s Manager and Team Support Staff (the “**Team Staff**”)
- One **Team Manager** who may serve as Point of Contact with the Tournament Organizer(s) and UBISOFT for logistics and league operations purposes. The Manager may not be a Player for

any Team competing in Regional competitions and higher.

- One **Coach** supporting the Team during official matches in accordance with the Specific Rules of the Rainbow Six Circuit competitions the Team partakes in. The status of coach for a team gives him the exceptional right to request to substitute one of the Team's players in an official match. In the event a **Player**, due to exceptional circumstances, is not able to play an official match, with no substitute Player of his Team available to replace him, the Team's Coach may request the ability to step-in temporarily as a substitute player. A Coach may only step-in with the Tournament Organizer's approval and will not be allowed to step-in as a Player in case of non-compliance with the eligibility conditions set forth in section 3.2
- Any number of additional **Team Staff** as the Team sees fit.

### **4.3 Insufficient number of Players and Stand-in Player**

If a Team is not able to have five players participating in a particular match of the Rainbow Six Circuit, including through calling substitute Players, or with its Coach stepping-in, the Team can exceptionally request to play with a Stand-In Player. A "Stand-In Player" is a person exceptionally authorized to compete with a Team he is not under contract with, for a limited period of time (a "**Stand-In Player**") for the sole purpose of avoiding the Team from being disqualified for breach of the Team composition requirements set forth in section 4.1. Authorization for a Team to compete with a Stand-In Player is always subject to UBISOFT and to the Tournament Organizer's approval and is subject to the following limitations:

- Stand-In Players must meet all eligibility requirements presented in section 3.2. Exception can be made of the Residence eligibility rule (section 3.2.4) only for offline competitions, and subject to UBISOFT and the Tournament Organizer's approval in each instance.
- A Stand-In Player cannot be part of another Team that has competed, in the last two Stages, against the Team he is standing-in for. This applies across all competitions of the Rainbow Six Circuit.

### **4.4 Player transfers and roster lock**

#### **4.4.1 Transfer Rules**

Any transfer of a Player from one Team to another Team of the Rainbow Six Circuit, or any addition of a Free Agent Player, is considered a Player transfer. A "Free Agent Player" is an individual who is not contracted by a Team competing in the Rainbow Six Circuit, whether in Local or Regional competitions ("**Free Agent Player**"). At the beginning of each Stage, Teams shall provide any documentation set forth in **Section 3.2** for all new players in their roster (players that weren't already part of said Team during the previous Stage) to the applicable Tournament Organizer.

Player transfers can only occur during the pre-established transfer windows set forth in section 4.4.3 and subject to the limitations set forth in the Section 4.4.4. Any period outside of these transfer windows is considered a period of roster lock with no addition to a Team's roster of Players (main or substitute) permitted.

#### **4.4.2 Transfer Process**

Only License Holders are allowed to get in touch with other License holders in order to discuss and/or

initiate the transfer of a Player. License Holders are not authorized to reach out or contact any other Players or Team Staff from another Team themselves for the purpose of a Player transfer.

A License Holder may delegate this right to discuss transfers by appointing one of his Team Staff as its representative on his or her behalf for the transfer discussion and negotiation purposes. Appointment of said Team Staff shall immediately be notified to UBISOFT’s Regional Esports Manager and Tournament Organizer officials for the competition the Team competes in.

Breach of this rule will be considered poaching and will be heavily sanctioned within the scope defined by the Penalty Index.

#### 4.4.3 Transfer Windows

Transfer windows are timeframes during which License Holders may execute the transfer of a Player from one Team to another (the “**Transfer Windows**”). For sake of clarity, a License Holder may initiate a discussion and negotiation with another License Holder regarding an upcoming Transfer of Player outside of the Transfer Window, but the execution of such Transfer may only occur during a Transfer Window. There are 2 transfer windows in the 2020 season, and 3 transfer windows in the 2021 season and onward.

##### 4.4.3.1 Season 2020

**Regular Transfer Windows.** The Transfer Windows for Season 2020 are as follows:

	Dates	Type
<b>Transfer Window 1</b>	From August 24th, 2020, 9 AM CET until September 7th, 2020, 9 AM CET	Mid-Season Transfer Window
<b>Transfer window 2</b>	From February 22nd, 2021, 9 AM CET, until March 7th, 2021, 9 AM CET	Off-Season Transfer Window

**Exception.** 2020 being the transition Season from the former Rainbow Six 6 esports structure to the new structure of the Rainbow Six Circuit, Teams competing in Local Competitions only, for the Season 2020 only, may be subject to different Transfer Windows from those set forth above if regulated as such in the Specific Rules of said Local competition by the Tournament Organizer. This exception shall not apply to Teams that are competing both in a Regional competition and in a Local competition, as permitted under **Section 3.1.2.**

##### 4.4.3.2 Season 2021 and 2022

The Transfer Windows for Season 2021 and 2022 are as follows:

Season 2021	Dates	Type
<b>Transfer Window 1</b>	From May 24th, 2021, 9 AM CET until June 6th, 2021, 9 AM CET	Mid-Season Transfer Window
<b>Transfer Window 2</b>	From August 23rd, 2021, 9 AM CET until September 5th, 2021, 9 AM CET	Mid-Season Transfer Window
<b>Transfer Window 3</b>	From February 21st, 2022, 9 AM CET until March 6th,	Off-Season Transfer

	2022, 9 AM CET	Window
--	----------------	--------

Season 2022	Dates	Type
<b>Transfer Window 1</b>	From May 23rd, 2022, 9 AM CET until June 5th, 2022, 9 AM CET	Mid-Season Transfer Window
<b>Transfer Window 2</b>	From August 22nd, 2022, 9 AM CET until September 4th, 2022, 9 AM CET	Mid-Season Transfer Window
<b>Transfer Window 3</b>	From February 20th, 2023, 9 AM CET until March 5th, 2023, 9 AM CET	Off-Season Transfer Window

#### 4.4.4 Transfer Limitations

##### 4.4.4.1 Mid-Season Transfers

All Transfer Windows, except the last one of each Season (occurring in February after the end of the Six Invitational for that Season) are considered mid-Season Transfer Windows.

During a mid-Season Transfer Window, Teams can bring a maximum of two new players in their roster.

##### 4.4.4.2 Off-Season Transfers

The last Transfer Window of each Season - occurring in February after the end of the Six Invitational - will be considered an off-season Transfer Window. During an off-season transfer window, Teams can change their entire roster of Player provided that at a minimum of two Players from the newly formed roster have competed, or have qualified to compete, at the same level of competition the team was at during the previous season.

Ex: Team X will remain at the highest level of its regional league for the new season. If they change their entire roster during the off-season transfer window, at least 2 of the new players must have played at the highest level of its regional league or have qualified for a spot at the highest level of their regional league in the previous season.

#### 4.4.5 Global Contract Database

In order to facilitate Player transfers during Transfer Windows, to avoid poaching and encourage best practices across all Teams, a set of key information regarding players availability during a Transfer Windows will be made available to License Holders within the Global Contract database managed by UBISOFT. The Global Contract Database will also include contact details of the License Holders for each Team (at minimum the email address). The key information required are:

- For Players: legal first name, legal family name, Uplay ID, and contract end date.
- For License Holders: legal first name, legal family name, email address.

If a License Holder appoints a Point of Contact to manage player transfers in its behalf, access to the Global Contract Database will be granted to the appointed Team Staff. Any change of Point of Contact

shall be limited in time and notified to UBISOFT, being understood that and any access granted will terminate once the duration of the appointment expires.

The communication to UBISOFT of the aforementioned information regarding Players' availability for a transfer and License Holder contract details constitute a legitimate interest for the protection of the integrity of the Rainbow Six Circuit and a material condition for the Team's participation in the Rainbow Six Circuit. Any change in the such key information shall be notified to UBISOFT whenever a change occurs. Key information contained in the Global Contract Database will be deleted from the Global Contract Database once a Player or the License Holder leaves the Rainbow Six Circuit.

### 5.1.3 Maps and Operators

#### 5.1.3.1 Map pool

The official map pool for competitive play in the Rainbow Six Circuit is constituted of 7 maps. At the end of every stage of the circuit, or of the season, Ubisoft may change some of the maps in the map pool. Tournament organizers and Teams competing in their programs will be notified at least 3 weeks prior to the start of the next stage or season.

The current map pool is constituted of the following maps:

THEME	KAFE	COASTLINE	CLUBHOUSE	CONSULATE	VILLA	OREGON
PARK	DOSTOYEVSKY					

#### 5.1.3.2. Map bans

A match of Rainbow Six: Siege begins with a map ban sequence where both teams alternate banning and selecting maps of the official map pool in a predefined order that varies depending on the match format; in order to determine which map is (are) played throughout the match. The following table presents the sequence of bans prior to a match between team “A” and team “B”, for each match format:

	Map ban sequence
Best of 1	Coin toss, winner either chooses “who bans first” or “side selection” once map is selected. A Ban – B Ban – A Ban – B Ban – A Ban – B Ban – Map played
Best of 2	Coin toss, winner either chooses “who bans first” or “side selection” on the first map once maps are selected. “Side selection” goes to the other team for the second map. A Ban – B Ban – A Ban – B Ban – A Map pick – B Ban – B Map pick
Best of 3	Coin toss, winner either chooses “who bans first” or “side selection” on the first map once

	maps are selected. "Side selection" goes to the other team for the second map. If the game goes to 3 map a new coin toss determines who gets "side selection" for the decider map.  A Ban- B Ban – A Map Pick – B Map Pick – A Ban – B Ban – Decider Map
Best of 5	Coin toss, winner either chooses "who bans first" or "side selection" on the first map once maps are selected. "Side selection" goes to the other team for the second map. New coin toss to determine who gets "side selection" in map 3, and in map 5.  A Map Pick – B Map Pick – A Ban – B Ban - A Map Pick– B Map Pick – Decider Map

In each of those ban sequences, should any map go to Overtime, the team that didn't get "Side Selection" on said map, will get "Overtime Side Selection".

### **5.1.3.3 Operators, gadgets, equipment or attachments**

Every new operator released in Rainbow Six: Siege will not be available in competitive play for an evaluation period of approximately three months. The introduction of these new operators in competitive play of the Rainbow Six Circuit will be effective after each Stage of the Rainbow Six Circuit, or at the beginning of a new Season (ie. after each Major, or the Six Invitational) as decided by UBISOFT at its sole discretion.

Ubisoft reserves the right to ban specific operators, as well as gadgets, equipment or attachments they may have, from time to time, in order to guarantee a fair competition, and if UBISOFT reckons that it contains a bug, creates imbalance or has a game-breaking effect on competitive play. Tournament Organizers are responsible for notifying all Teams competing in their programs of such ban once notified by UBISOFT.

June 22<sup>nd</sup>, 2020: ECHO is banned from all competitive play until further notice.

### **5.1.3.4 Cosmetics**

During Rainbow Six Circuit competitions' official matches, players can only use the battle dress uniforms and headgears listed below. All others battle dress uniforms and headgears are banned from use in competitive play:

- Operator's default skins

Weapon skins and charms are not subject to any restriction.

### **5.1.3.5 Unauthorized usage of bug or in-game exploit**

The list of bug exploits or in-game exploits that are prohibited from being used in any competition of the Rainbow Six Circuit will be made available and will be updated by UBISOFT from time to time. Any bug exploit or in-game exploit not currently indicated in this list shall be escalated to UBISOFT and/or the Tournament Organizer so that UBISOFT can investigate as to whether such bug exploit or in-game exploit must be barred from usage in any competition of the Rainbow Six circuit.

June 22nd, 2020:

Additionally to all rules and mechanics established in the game Rainbow Six: Siege, competitive play in the Rainbow Six Circuit is subject to the following good sportsmanship rules:

- Intentional teamkilling is strictly forbidden
- Spawnkilling (defined by killing an opponent within the first 2 seconds of the action phase of a round) is strictly forbidden

## 5.3 Competition Rules

Each competition of the Rainbow 6 circuit may be operated by different Tournament Organizers, or by UBISOFT itself for certain part of the Rainbow Six Circuit. Depending on the location, duration and format of the competition, rules pertaining to the organization of the Rainbow Six Circuit competition may vary. The Tournament Organizer is responsible for the establishment of guidelines and rules on the topics identified in this section, and must make such rules and guidelines available to Teams before the start of the competition they oversee:

	Tournament Organizer's responsibility
Administrative	Identification and communication to the Teams of all Tournament Organizer Administrative

<b>Staff Role</b>	Staff role in order to facilitate organizational and logistical communications.

## **6. Sanctions & Penalties**

### **6.1 Definition & Scope of Punishment**

Infringement of any of the rules, requirements and obligations presented in the **Rulebook, Specific Rules, Esports Code of Conduct, Rainbow Six: Siege Code of Conduct and Ubisoft Terms of Use**, may trigger competitive sanctions and penalties. These competitive sanctions and penalties may be in addition to any other sanctions and penalties which may be applied on the Uplay account of the Player as per Ubisoft Terms of Use and Ubisoft Rainbow Six: Siege Code of Conduct.

Sanctions and Penalties for each type of infraction are categorized in the Penalty Index available [here](#).

The Penalty Index indicates for each type of infraction a range of sanctions from minimum to maximum, as well as a limitation period which will run from the notification or discovery of the infraction (whichever occurs the latest) and during which infractions may be penalized under the Penalty Index. The Penalty Index shall not be considered exhaustive and UBISOFT may penalize other behavior if considered in good faith to be in breach of the Rules.

Scope of punishment may vary, as illustrated in the table below, and may include, but is not limited to, fines, suspension period for a Team, Player or Team Staff member, round, map or match forfeits etc...

	<b>Description</b>
<b>Competitive warning</b>	Lowest form punishment, a simple warning given to the Player or Team
<b>Competitive suspensions and ban</b>	A Player or Team can be temporarily barred from competing in any Rainbow Six Circuit competition or in exceptional cases, if the gravity of the infraction justifies it, banned from the Rainbow Six Circuit permanently. The Penalty Index provides the possible range of suspension for the different types of infractions, whose list shall not be considered exhaustive.
<b>Fines</b>	Certain infractions perpetrated by a Team and/or one of its Players' or Team Staff may be penalized under the Penalty Index with monetary fines. In such event, the fine will be applied as a deduction of the prize money earned by the applicable Team and withdrawn from any payment due to the applicable Team if constituting a prize money. The amount so deduced will be redistributed as prize money amongst the other Teams participating into the same Rainbow Six Circuit competition as the Team impacted by this fine.
<b>Global Points withdrawal</b>	Infractions committed in the context of global competitions may trigger the withdrawal of a percentage of a Team's points in the Global Point System. Such withdrawal will be effective after all points have been distributed for the Stage in which the infraction was committed.
<b>Competitive penalties</b>	Certain infractions perpetrated by a Team and/or one of its Players' may be penalized by a round loss, map loss or match forfeit depending on the severity of the infraction, as

	illustrated in the Penalty Index.
--	-----------------------------------

UBISOFT reserves the right to proceed with any other method of punishment that would be related to the rule infringed and UBISOFT reserves the right to issue sanctions going beyond the maximum sanction indicated in the Penalty Index if justified by the severity of the infraction. All aforementioned infractions may be combined and lead to more severe penalties in case of repeated infraction.

## **6.2 Notification and enforcement**

- Sanctions for infractions of category 2 will be discussed between the Tournament Organizer and UBISOFT and the sanction will be notified by UBISOFT's Regional Esports Manager to the Team's Point of Contact

Regardless of the category of the infraction, UBISOFT will be notified by the Tournament Organizer for all infractions occurring in the Rainbow Six Circuit.
